Morphie Royal Command—This has been our herd bull and we are offering him only because we find it necessary to close our herd out completely. He is a grand type of bull, with a very good head and horn, best of disposition, very good hind quarters, the shortest of legs and a medium sized bull. His breeding, type and conformation are excellent, and some good cow herd would find him an improver.

Innes Conquest—If you need a good tried young herd bull, here he is. He is lowset, a good individual, has been shown successfully in local county fairs, and was reserve champion both years at Augusta. We have used him liberally and now have two very outstanding calves by him. By the Helfred stock bull, Killearn Conquest 28th and from a Verbena by Bapton Major, he should make a very worthy stock bull.

Royal Leader 4th—A dark red roan bull with a lot of weight for age, good quarters, good head, the kind that breeders call a "stock bull." And look at the bulls in his pedigree! His granddam was bought at the International carrying the service of the International champion, Goldfinder's Champion, and M F Violet, his dam, was the result. Brusally Royal Leader 2d, his sire, was bought by Jones Bros., Granger, Missouri, in the 1949 International for \$1675. With such winning ancestors close up in his pedigree he is good enough to go anywhere.

Hickory Major, many times a blue ribbon winner at 1952 shows for Oakdale Farms, is sire of Lot 14.

Shore Acres Airman—A heavy-boned, masculine type bull with very strong hind quarters. By our Illinois state fair reserve champion and from one of our top cows.

We always sell a large number of bulls in the "Sale of Satisfied Buyers." It's the only way buyers can be assured of a wide selection. There are 34 bulls in this sale. All are by sires that are widely and favorably known. All but four are of serviceable age. There are a number of tried young sires included. It's a good place to buy a herd bull for a top registered herd and an equally good place to buy a half-dozen rugged, heavy-boned bulls for a commercial operation.

Edellyn Reliant Mercury, sire of Lot 28, is the \$7,500 son of Calrossie Mercury, senior sire and a producer of top calves for Arnold Bros. He is the sire of a bull and female in their consignment.

Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS

ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.
